Our core business started with food manufacturers but we are expanding our foodservice business with a new brand – Lähde.

We are continually developing new blends to keep up with market trends and customer requirements. If you are looking for a ingredient that is not listed in our brochure please contact us to discuss.

If you would like to discuss our latest innovation opportunities, from products to recipes, blending to NPD, just call a member of our sales team today.

Conventional – we offer a comprehensive list including heat-treated (HT) options for customers requiring lo-micro ingredients.

Organic – we offer an ever-increasing range of organic ingredients to meet the growing demand of this expanding market.
